Please note that the organisers will need full distribution rights to distribute your poster and presentation electronically as part of the MoodleMoot.

Part of the review process for all MoodleMoot presentation submissions is a checklist of criteria that our program committee assess through. Some of the items in the checklist include: whether the topic relates to Moodle or will assist users to enhance their knowledge of the learning platform, through to whether there is a potential conflict of interest from competing LMS or organisations that Moodle do not support when presenting at a MoodleMoot.

By submitting, I grant permissions to promote, record and share my presentation before and after the MoodleMoot.
