

The H5P logo is displayed in white text on a red background. The letters 'H', '5', and 'P' are stylized and interconnected. The '5' is particularly prominent, with a circular shape that overlaps the 'H' and 'P'. The logo is centered within a red rectangular area that has a speech bubble-like tail pointing downwards.

**H5P**

Who are We?

## *Kelly Dempsey & Sarah Kunze*

---

- **Instructional Designers at Colgate University**
- **Combined 40+ years experience integrating technology into the curriculum**

# What is H5P?

H5P is an open source, community driven project to create richer online content and improve learning experiences.

## Questions for the Audience?

- How many of you are aware of H5P or similar applications?
- Were you aware that it can fully integrate with Moodle?
- How many of you are using H5P with Moodle?

## Advantages of H5P

- **Easily create interactive activities within Moodle**
- **Free and open source technology.**
- **Single-sign-on**
- **Integrates with the Gradebook**
- **Mobile friendly layout offers the same rich, interactive content on mobile devices**

## Benefits of Interactive Video

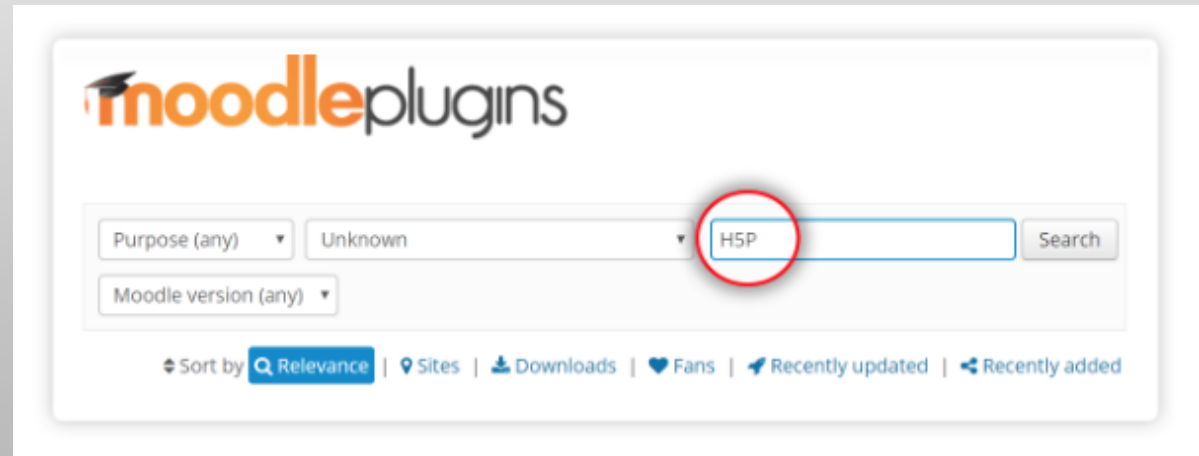

- **Insert knowledge checks for understanding and accountability**
- **Insert comments to add context or connections to course material to YouTube videos.**
- **All question types can be configured to perform adaptive behavior.**

# H5P Installation

## Moodle Plugin

## Case Study #1

# Management of Digital Media Lab Staff Student Workers

- Need: Ensure all student workers up on changes & mastered skills
- Modules easily created
- Results go into Gradebook
- Content easily accessible for review

## Case Study #2

# H5P in Russian Language Class

---

- Foreign language films were assigned for students to watch before class.
- Interactive H5P questions were placed at spots as the film played.
- Results were graded and students were more prepared for class discussion.

Q & A
